- **Tailwind**

### EDUCATION

#### Stackup Learning Hub

MERN Stack developer intern

2023-2024

**Visvesvaraya Technological  
University - Belgaum**

**B.Tech**

2017-2021

### ABOUT ME

Self-taught Web developer with a passion for problem-solving and a commitment to writing readable and maintainable code. Curious to learn more about developing scalable distributed systems and continuously improving skills in web development.

### WORK EXPERIENCE

#### MERN Stack Developer (Intern)

Stackup Learning Hub

2023-

- Developed web applications using MERN stack for frontend and backend tasks.
- Implemented coding standards and version control for high-quality code.
- Participated in code reviews and troubleshooting to enhance user experience.
- Worked on independent projects applying skills to real-world scenarios.
- Attended training sessions to expand knowledge in MERN stack development.

### MAIN PROJECTS

#### Employee Management Program

- This is a javascript based application which allows you to store employee details and provide CRUD operation in employee record.
- SignUp, and login /logout animation pages.
- Converted a figma design to a responsive web page.

#### Blog Application

- A responsive blog application using ReactJS and Express.js, allowing users to create blog posts.
- Utilized MongoDB for database storage and Axios for API requests.

### MINI PROJECTS

#### Online Responsive Website

- Converted a figma design to a responsive web page. Added over 5+ breakpoints.

#### Registration Form

- Developed a responsive and user-friendly registration form.

#### Responsive Travel Web Design
